03

French brand Trésors de Chefs offers several ranges of pastry ingredients, ideal for creating the finest recipes. The brand provides a variety of culinary treasures curated to enhance the flavors of dishes.

04

Minoterie Planchot prepares and develops flours that meet and exceed expectations in order to ensure that its consumers are always one step ahead.

Guaranteeing quality throughout the year is essential, which is why a permanent control is carried out during the milling of the wheat. In addition, the Minoterie Planchot is committed to providing its consumers with quality flour and full traceability from wheat to bread.

05

CARIF Groupe is a leading inventor and manufacturer of technological solutions and ingredients for the flour industry in France and abroad. Products are designed and developed to ensure the finest of results guaranteeing a five-star performance of products and recipes differentiating clients from their competitors. The Group's certifications are based on the quality of products and requirements of customers to ensure quality, reliability, and transparency.

06

The SICOLY cooperative was created in 1962 for the purpose of promoting their fruit on the French national market. Besides the fresh fruit business, the company is now also committed to offering premium professional fruit products ( frozen fruit purées, IQF fruit for pastry, ready-to-use fruit inserts, coulis ... and many more) for chefs all around the world.

Choosing SICOLY® products is the guarantee of quality and taste, the closest possible to the fresh fruit, for you to express your talent at the fullest.

07

Arotz, which has the IFS (Industry Food Standard) certificate, has been making natural frozen fruit purees without additives or preservatives for the last decade, selecting the fruit at its optimum point of maturity and using the minimum amount of sugar. They are ideal products for semi-cold desserts, ice creams, sorbets or coulis.
